Dear Brothers:

We of Ohio Lambda of Phi Delta Theta have unanimously voted to recommend the petitioning group, Alpha Delta of General Motors Institute, to membership in Phi Delta Theta.

Although distance has made it difficult to visit their chapter, we were fortunate to be able to make the trip once. We left with the feeling that Alpha Delta can and will make a worthy addition to Phi Delta Theta, both as individuals and as a chapter.

We therefore urge and earnestly hope that all other chapters of Phi Delta Theta will grant them an affirmative vote.

Yours In The Bond

The Brothers of Ohio Lambda
