

Inter-Fraternity Council

GENERAL MOTORS INSTITUTE
FLINT, MICHIGAN

March 27, 1964

Mr. Robert J. Miller
Executive Secretary
Phi Delta Theta Fraternity
2 South Campus
Oxford, Ohio

Dear Mr. Miller:

It has come to the attention of the Interfraternity Council of General Motors Institute that one of our outstanding local fraternities is actively seeking affiliation with Phi Delta Theta. Alpha Delta is a credit to fraternalism everywhere and actively competes in all competition always giving their best effort and displaying the finest points of fraternalism and brotherhood. Alpha Delta is a well-organized, progressive and stable local fraternity and would be an asset to any national fraternity.

There are presently seven national fraternities on the Campus of GMI and the IFC supports Alpha Delta's petition to Phi Delta Theta for a charter establishing it as the eighth national to join our Campus. If such an affiliation is made, Phi Delta Theta will gain an excellent chapter and GMI will gain an excellent national fraternity.

Sincerely,

John Baier
President
Interfraternity Council
