

March 25, 1964

Dr. Paul Van Riper  
General Secretary  
Beta Theta Pi Fraternity  
Malott Hall  
Cornell University  
Ithaca, New York

Dear Dr. Van Riper:

I would like to recommend that you consider Beta Alpha Epsilon Fraternity at General Motors Institute for a charter from Beta Theta Pi Fraternity.

The interfraternity relation between Beta Alpha Epsilon and the other fraternities at General Motors Institute, including Alpha Delta, have always been of the highest order.

Alpha Delta is presently in the process of petitioning Phi Delta Theta Fraternity. All preliminary work has been completed and the final decision will depend on the vote of all officers and delegates of all chapters at the General Fraternity Convention at Pasadena in September.

We are hopeful of being accepted, and are looking forward to the establishment of the Miami Triad at General Motors Institute.

Sincerely yours,

Terry E. Nels  
President - Section A  
Alpha Delta Fraternity
